

Memo HW3

HW3 has been implemented. Unit Test coverage 87% and 92% on the two main classes. No tests created for the Main Method.

- A link for my repository:
- File Directory Name: HW3
- Lines of code: around 400
- Lines of code for unit test: around 100
- Unit test coverage: 87% and 92% on the two main classes. No tests for the Main method in App.class
- The number of hours took for implementing the project: 3
- The number of hours spent for submission preparation: 30min
- A list of challenges:
 - Had to move my project into different directories a couple of times, because it kept giving some error in the .project file
